

FIG. 1

FIG. 2A is a schematic diagram of a system 140. The system 140 includes a horizontal line 150. Above the line 150, there are three vertical lines 142, 144, and 146. Each vertical line has a box 21, 24, and 31 respectively. Each box contains the letters 'MI' and a number. Below each box, there is a label 'G:21', 'G:24', and 'G:31' respectively. Below each label, there is a label 's:1'. Below each 's:1' label, there are two triangles 152, 154, and 156 respectively. Below the horizontal line 150, there are two boxes 23 and 35. Box 23 is connected to the vertical line 142 and contains the letters 'T1' and the number '23'. Box 35 is connected to the vertical line 146 and contains the letters 'T4' and the number '35'. The label '150' is also present near box 35.
